

PRACTICO™

Manual operating table

For general and
specialised surgery

OPERATING ROOM

Wide variety of set-ups for different surgical procedures

The new hydraulic Practico is a versatile manually operated table model that enables a wide range of configurations for general and special surgery.

The operating table accommodates also larger patients, and offers excellent access to the operated site thanks to its design and adjustments options.

Additionally, the rust proof table top design makes the table suitable also for demanding climate conditions.

Practico manual can also be equipped with factory assembled Kidney Bridge seat/back section for kidney and thorax procedures.

Reverse Trendelenburg

Features

Trendelenburg

Reflex

Flex

Gas-spring assisted lateral tilt

Lots of benefits for the surgical team

- Excellent access for the surgical team to the patient
- Versatile – use the same table for a wide variety of surgeries
- Faster turnaround times thanks to easy set-up
- Compatible with many of the same accessories and table top sections as other Merivaara tables (Practico electro-mechanical and Promerix)
- C-arm and X-ray compatible
- Suitable for humid weather conditions thanks to corrosion-free material

Features

Divided leg sections
(optional accessory)

Solutions for efficient physical patient flow and well-being

Merivaara provides a wide range of hospital-grade furniture such as operating tables, medical lights, examination tables, trolleys and stretchers for transportation and day surgery, as well as birthing and patient beds. Additionally, our new concepts include both revolutionary integrated management systems and after-sales services.

Our versatile solutions and product offering enable convenient and cost-effective physical patient flow within the hospital, in day surgery and health clinics, as well as in nursing homes and home care. Our priority is to enhance comfort and well-being of both patients and their caregivers.

Established in 1901, Merivaara has more than 100 years of experience in designing and manufacturing hospital-grade furniture. Today our products are highly appreciated by users in more than 120 countries thanks to their ease-of-use, durability and ergonomic design.

Merivaara medical products are CE-labelled and the company's quality management system complies with EU directives for medical device. It is certified by DNV according to ISO 9001:2008 and ISO 13485:2003 standards. The company's environmental management system is ISO 14001:2004 certified.
